

Lawyers Accountable To The Earth
(LATTE) thanks you for helping to
make our May 18, 2012 Boston tree
planting a success!

On May 18, 2012 we worked with Foundation for a Green Future to plant four trees at the **Italian Home for Children** on Centre St. in Jamaica Plain, MA.

The four October Glory Maples we planted along the path will provide a **welcoming space** for children to learn and relax.

In the fall, the trees' **vibrant foliage** will add color to the landscape.

The Italian Home is a **residential and day treatment facility** for emotionally and behaviorally challenged children of all races, nationalities and religions. On any given day about **100 children** attend the programs in the Jamaica Plain campus.

Children from the Italian Home participated in the planting and enjoyed encountering worms and learning about volunteer and job opportunities involving nature.

Trees arrive

The Changing Landscape

Hillside before any new trees were planted

Hillside once some of the new trees were planted

Next Steps

The Italian Home for Children will be watering and caring for the trees.

Thank you to our partner organizations.

Thank you to our volunteers.

And thank you to our financial contributors to date, who are providing for the planting and maintenance of trees in Boston:
