

ABOUT THE ORCHARD:

Since 2013, RainforestMaker has sponsored Connecting for Change to plant 5 orchards throughout Massachusetts with community groups and organizations. The donation recipients received fruit trees, plus a consultation on tree care to ensure the longevity of the trees for the community. Jeffrey Glassman of RainforestMaker remarked that his group was "honored to sponsor the donation of the orchards during the Connecting for Change Conference and now we are very excited to plant those trees. We love these opportunities and enjoy quality time together with our dedicated volunteers who have fun getting their hands dirty!".

On Saturday, May 9th, we invite you to be a part of this celebration.

- Some tools will be provided to help with the tree planting but we are always appreciative to those that are able to bring their own shovel or hand tools. The more tools, the more work we can do!

SOUTHEASTERN VOC SATURDAY MAY 9TH 1:30PM - 4:00PM

HELP US PLANT FRUIT TREES AT SOUTHEASTERN REGIONAL VOCATIONAL HIGH SCHOOL FOR THE COMMUNITY, LEARN ABOUT FRUIT TREES AND RAISED BED GARDENING, AND VIEW THE VARIOUS SUSTAINABILITY PROJECTS THAT THE STUDENTS ARE CURRENTLY WORKING ON.
